M E S S A G E

December 2, 2009.

Safdarjung Hospital plays a very important role in providing healthcare to the common citizens of the city and the adjoining states. We are aware of the stellar role Safdarjung Hospital plays in providing state of the art healthcare at negligible or free of cost to the common public. The hospital is central to several programs in healthcare, chalked out by my Ministry.

I am very happy to learn that Vardhman Mahavir Medical College and Safdarjung Hospital has launched a new website. I hope the website would be informative, user friendly, updated regularly and also help in furthering the Government policy of increased transparency. I hope that through the website, the hospital would be more accessible to the public at large in this age of information technology.

I wish the Faculty, staff and students of Vardhman Mahavir Medical College and Safdarjung Hospital all success in this and all future endeavours.

(DINESH TRIVEDI)
